**STATEMENT OF FACTS IN SUPPORT OF FILING ON BEHALF OF
NONSIGNING INVENTOR (37 C.F.R. 1.47)**

Box MISSING PARTS
Assistant Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

This Statement of Facts in Support of Filing on Behalf of Nonsigning Inventor (37 C.F.R. 1.47) is submitted in response to the Notice to File Missing Parts – Filing Date Granted and mailed December 13, 2000 to which a response was due February 13, 2001. However, Mr. Mark Bloom and Mr. Kevin Hoheisel, two of the joint inventors of this application - - the specification of which was filed on October 21, 2000, as Application Serial No. 09/693,398 - have been sent a copy of the application as filed and Declaration/Power of Attorney but have not returned our telephone calls or their Declaration and Power of Attorney. Mr. Bloom's last known address was 1142 East Canyon Way, Chandler, Arizona 85249-3140 and Mr. Hoheisel's last known address was 1068 Cress Parkway, Hiawatha, Iowa 52233-1838.

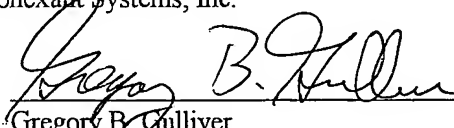

In view of Messrs. Bloom's and Hoheisel's refusal to sign, this statement is made as to the exact facts that are relied upon to establish the diligent effort made to secure the execution of the Declaration by the nonsigning inventors for the above-identified patent application. Because signing on behalf of the nonsigning inventors is by a person or entity showing a sufficient proprietary interest, this statement also recites facts as

to why this action was necessary to preserve the rights of the parties or to prevent irreparable damage.

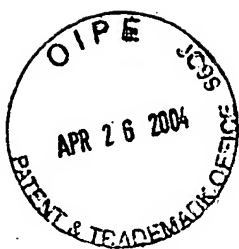

This statement is supported by the Declaration of Gregory B. Gulliver copies of which are submitted herewith. This Declaration sets forth the details of the efforts to obtain Messrs. Bloom's and Hoheisel's execution of the Declaration and Power of Attorney.

As to the preservation of rights/prevention of irreparable damage, this application was filed with the understanding that Messrs. Bloom and Hoheisel and the other inventors would execute the Declaration and Power of Attorney after filing. With respect to the first four joint inventors, Messrs. Paul Andrys; Hugh J. Finlay; David Ripley, and Terry Shie, this did in fact occur. Mr. Bloom and Mr. Hoheisel have refused to sign. On December 13, 2000 the Office issued a Notice to File Missing Parts – Filing Date Granted, to which a response was due February 13, 2001. Of course, additional time can be obtained with the filing of a Request for Extension of Time and payment of the requisite fee. Even still extensions of time are only available up to and including June 13, 2001. Consequently, in an effort to resolve this petition prior to the expiration of that period, this Rule 47 petition is being filed today. Of course, failure to timely and fully respond to this NOTICE OF MISSING PARTS would result in the abandonment of the present application which would cause irreparable harm to Conexant Systems, Inc.
